Here And There **News Collected At Random**

Adams county's Sesquicentennial celebration has passed into glorious history. Pleasant memories of it will linger a long time. It will be an enjoyable topic of conversation in many homes for a much longer period of time than one anticipates even now.

Without a doubt it was the finest demonstration of what a large group of enthused and cooperative Adams county citizens can do once they set their hearts to it. It was the first time that the entire county joined in a county-wide project of such proportions and magnitude. The success of the venture was akin to a glorious victory in which all shared in the satisfaction of a grand job well done.

Every individual actively associated with the observance chairman down to the juvenile with a step-on role in the pageant deserves the plaudits of every citizen of the county. The hundreds of men and women who worked so tirelessly for so long a time to make the venture such a tremendous success did so with zealous pride and community spirit. They were unselfish in their zeal and unsparing in their time and efforts. Such a coordination of minds speaks well for Adams county and can well be used as a model for attaining other successes in events of county-wide

Every planned phase of the Sesqui was a marked success. So many citizens entered into the spirit of the observance that even the most optimistic member of the executive and general committees expressed amazement. The "idea." so to speak, spread rapidly throughout the county and in remote communities there was ample evidence of cooperation and the urge to "shoulder the wheel" and "help make this grand celebration an immense success."

No one individual can be singled out for praise-worthy effort. To each was assigned one or more tasks. That each did hls job in an admirable manner is a foregone conclusion . . amply attested to by the triumphant acclaim of the entire county of each event and proj-Many nice things will come

News Collected At Random

Adams county's Sesquicentennial celebration has passed into glorious history. Pleasant memories of it will linger a long time. It will be an enjoyable topic of conversation in many homes for a much longer period of time than one anticipates

Without a doubt it was the finest demonstration of what a large group of enthused and cooperative Adams county citihearts to it. It was the first time that the entire county joined in a county-wide project of such proportions and magnitude. The success of the venture was akin to a glorious victory in which all shared in the satisfaction of a grand job

Every individual actively associated with the observance program, from the general chairman down to the juvenile with a step-on role in the pageant deserves the plaudits of every citizen of the county. The hundreds of men and women who worked so tirelessly for so long a time to make the venture such a tremendous success did so with zealous pride and community spirit. They were unselfish in their zeal and unsparing in their time and efforts. Such a coordination of minds speaks well for Adams county and can well be used as a model for attaining other successes in events of county-wide

Every planned phase of the Sesqui was a marked success. So many citizens entered into the spirit of the observance that even the most optimistic member of the executive and general committees expressed amazement. The "idea." so to speak, spread rapidly throughout the county and in remote communities there was ample evidence of cooperation and the urge to "shoulder the wheel" and "help make this grand celebration an immense success." * * *

No one individual can be singled out for praise-worthy effort. To each was assigned one or more tasks. That each did his job in an admirable manner is a foregone conclusion . . amply attested to by the triumphant acclaim of the entire county of each event and proj-

inaugurate the county 1950 scholastic football season when the clash Friday evening at 8 o'clock on the Littlestown gridiron, An unusually large opening day

crowd is expected to turn out for the clash, the first gridiron engagement between the schools. Bands from both schools will be en hand and will present special novelties. Both squads are reported in good

physical condition for the game and the Thunderbolts are confident of giving the Biglerville Canners s surprise. Eugene Haas, Biglerville head

coach who was inducted into the armed forces Tuesday with the 28th Division, will be on hand for probably his final game this season His chores will be handled in the future by Russ Kane, Hobar Benchoff and Charles Goodling.

Biglerville will present a team which features a heavy line and a light but speedy backfield. Canner Lineup

Probable starting lineup for the Canners will be: Ends, Jack Howe and Ed Spicer; tackles, John Slaybaugh and Lou Kooken; guards Cecil Sandoe and Rodney Weigle center, Dick Hess; quarterback, "Chubb" Rice, left halfback, Joe Walde; right half, Larry Lawver,

and fullback, Bud Warner.

Reserves for the line will include John Jacobs, Mike Wertz, Phil Stoner, Bill Jacobs, Ronald Wierman, Dave Mentzer and Terry Lower. Backfield substitutes will include Clyde Coulson, Sterling Kint, Elson Grim, Gene Starry, Al Wolff and Jack Orner, Orner may not play on Friday due to injuries. In a radio interview over WGET

Wednesday evening Clay Evans, Littlestown coach, was very optimistic on his team's chances against Biglerville and indicated he expected to win. Foremost in the Littlestown line-

up of seven lettermen is Francis Gerrick, a 213-pound back who runs the 100-yard dash in 11 seconds. Littlestown Starters

Coach Evans has indicated his probable starting lineup as follows:

Sports Roundup By HUGH FULLERTON, JR.

New York, Sept. 7 (A)-Despite ptimistic statements by head-man George Trautman, The Sporting once tagged "Baseball's by some inspired phrasecoiner, devotes considerable space this week to showing that everything isn't perfect in the Minor leagues. . . . Trautman says the Minors won't ask a share of that \$800,000 World Series television dough (which they wouldn't get anyway). . . . But as a substitute, why not have those big league announcers devote a few words now

clubs whose territory they blanket? . They could do a lot of selling in the time they waste on meaningless comments. . . . Only solution we can see for the other big problem -"raids" on farm talent—is for the Major league clubs to develop a sense of responsibility toward their possessions. . . Speaking of raids, maybe the answer to the colleges' complaint about the Major leagues snatching their athletes is to have the kids sign some sort of an agreement like those Southeastern conference grant-in-aid papers. They might be able to build up a pretty good contract-jumping case.

Tom Supples, hig sophomore tackle prospect at St. Bonaventure university was more than a trifle overweight when he reported for practice and Manager Marty Carr had the sad task of carrying the news to Coach Joe Bach. . . "Wait till you see him, coach," Marty warned. "He's big enough to hold up one side of the line."... Bach, who has only one regular lineman returning this season, looked gleeful. . . "If he's that big." Joe suggested. "why not nut him in the middle? Then he could hold up the whole line."

SPORTS BEFORE YOUR EYES More than 10,000 Connecticut box-

ing fans are expected to hit town tomorrow for the Willie Pep-Sandy Saddler fight. . . . Most of them will come on a special train that's due to start back at midnight... . Both fighters likely are hoping they'll be missed half as often as that train.

. Up to the start of this season, Joe DiMaggio had belted 25 homers over that short left field wall in Boston's Fenway park. . . .

POINTLESS QUESTION

Ray Eliot, Illinois football coach, recently appeared on a 15-minute radio program to discuss the potentialities of his team. . . . For ten minutes Ray talked tearfully, brushing off all interruptions by the announcer while he reviewed the possibilities that might keep the Illini from having a successful year. . .

Finally the announcer managed to break in to remark: "Now, Ray, tell us the good points about your ball club?" . . . Instead, Eliot continued: more big problems." And he proceeded to wave the crying towel for

BOSTON DRUBS YANKS; PHILS RUDELY JOLTED

(Associated Press Sports Writer) Casey Stengel defied the Fenway Park southpaw jinx and lost. As a result his N. Y. Yankees are fidgeting atop the American league pennant scramble by only a half game today.

The Yankees invaded the lair of the torrid third-place Boston Red Sox last night for the opener of a two-game series. Casey sent Lefty Ed Lopat to face the Red Sox completely aware that only one visiting lefthander, Hal Newhouser of Detroit, had pitched and won a complete game in Fenway Park this year.

Casey didn't have long to wait to rue his decision. The Sox bombed Lopat for four runs in the second inning and went on to win 11-2.

While the Yanks were smeared, the runner-up Detroit Tigers, behind Newhouser, turned back the fourthplace Cleveland Indians, 5-3, in the opener of a two-game series in Detroit to move within a half game of the lead.

Parnell on Streak

Lefty Mel Parnell breezed to his his eight-hit pitching with a 16-hit attack. Parnell now has won seven straight games and 10 out of his last 11 decisions.

Vern Stephens led Boston by pounding out his 29th homer, a triple and two singles.

At Detroit, the Tigers came up with four runs in the seventh inning for the moundsmen. W. L. Pct. G.B. to erase a 2-1 deficit. Hoot Evers first two runs and Charley Keller slammed home the two clinching in four times at bat. ones with a pinch-hit single. Newhouser allowed eight hits, including a home run by Allie Clark, in besting Early Wynn. Rookie Sandalio Consuegra pitched

the Washington Senators to a 3-0, six-hit victory over the Philadelphia Athletics and the Chicago White Sox edged the St. Louis Browns, 6-5. Phils' Lead Melts

The Brocklyn Dodgers supplied the biggest surprise in the National league by defeating the league-lead ing Philadelphia Phils, 2-0 and 3-The victories moved the second place Brooks to within 51/2 game of the Phils. Big Don Newcombe attempted to

The Dodger triumphs were costl however, as they lost the services their brilliant catcher, Roy Can panella, who broke his right thur on a foul tip. Campanella probab will be out for the season.

The surging New York Gian turned back the Boston Braves, 3-1, o advance to within a half game of the third-place Braves. Larry Jansen pitched a strong nine-hitter to gain his 15th victory.

St. Louis took a day-night doubleneader from the Chicago Cubs, 5-4, n 10 innings, and 7-3. Stan Musial nomered to win the opener. The Cards scored five runs in the eighth inning to take the finale.

The Pittsburgh Pirates edged the Cincinnati Reds, 3-2, scoring the winning run in the ninth inning when Ewell Blackwell hit winning oitcher Vern Law with a pitched ball with the bases loaded

Eastern League

(By The Associated Press)
The Utica Blue Sox today were
virtually assured of a playoff post n the Eastern league, Their biggest threat, the Albany

Senators, had only an outside chance of overtaking the fourth-place Sox, who won two games last night from the Scranton Miners. The scores were 5-4 and 6-4. The Senators, closing with a be-

late surge, copped a double from the Elmira Pioneers, 5-1 and 10-9, to run their string to five victories. The Senators, who have only five games remaining on their schedule. still are two and a half games behind Utica, although they climbed over the Williamsport Tigers into fifth place.

The Tigers lost two games to the Hartford Chiefs, 13-3 and 9-6, to fall into sixth, a half-game behind Albany, The second-place Binghamton Triplets whipped the champion Wilkes-Barre Indians, 3-1.

Big Don Newcombe attempted to perform the iron man stunt. He blanked the Phils on three hits in the opener but was forced to bow out for a pinch-hitter in the eighth inning of the second game, trailing, 2-0.

Newcombe is the first pitcher to try the feat since Buck Newsom attempted it and failed for Detroit in 1940.

The Dodgers, blanked on one hit by Pfc. Curt Simmons, came to life in the ninth inning and scored three runs to win the nightcap.

The Dodger triumphs were costly however, as they lost the services of their brilliant catcher, Roy Campanella, who broke his right thumb on a foul tip. Campanella probably will be out for the season.

The surging New York Giants turned back the Boston Braves, 3-1, to advance to within a half game of the third-place Braves. Larry Jansen pitched a strong nine-hitter

The Pittsburgh Pirates edged the Cincinnati Reds, 3-2, scoring the winning run in the ninth inning when Ewell Blackwell hit winning pitcher Vern Law with a pitched ball with the bases loaded.

Bullets Drill With Lebanon Valley "11"

The Gettysburg college gridders engaged in their first strenuous scrimmage Wednesday morning when Lebanon Valley's squad came here for a workout.

Coaches "Hen" Bream, Johnny Yovicsin and Jack Shainline were reasonably pleased with their outfi although all pointed out there is much work to be done before the opening game with Bucknell at Lewisburg Saturday night, September 23.

The Bullets showed a lot of speed and many long runs developed. Defensively, the squad played well throughout. It was clearly evident the Bullets will be much lighter this year and will have to take up for the lack of poundage through speed and deception.

Dates for the annual carnival in 1951 were selected. The affair will be held August 6 to 11 inclusive. It was also decided that next year each member of the company will be sent a card, stating the dates of the carnival and requesting assistance at specified times. President Bernard Selby expressed his appreciation to those who served on the carnival committees and to all others who assisted in making the annual affair a success. The members of the Ladies Auxiliary, recently organized, were especially commended and the company voted the organization a donation of \$50 in appreciation of

SAY AMERICANS LESS PACIFISTIC SINCE LAST WAR

By FRANK CAREY

(Associated Press Science Reporter) State College, Pa., Sept. 7 (AP)-A possible indication that the last war served to make the American people less pacifistic-though by no means militaristic - was reported to the American Psychological Association today.

Describing studies of attitudes towards war among female students of an unidentified college, Dr. Key L. Barkley, of North Caroline State college, told the association's annual meeting at the Pennsylvania State

"These data seem to indicate that the events and conditions of World War II served to reduce the pacifistic attitudes of our people, as represented by college students; and that in the period of 'cold war' and semipeace since 1945, the students have tended to remain at the level of a low degree of anti-war attitude.' Generalization Not Justified

Factors in the situation may be. the report declared, "success in winning the war, the constant conflict and tension in the present world, and probably the influence of propa-

But the psychologist declared that a broad generalization of the findings is not justified since "the conditions which exist at the college where the study was made may not exist elsewhere.'

The report also described a special study among a small number of veterans' wives attending the col-

By and large, their attitude was much the same as that of the single women, also, women whose husbands saw active service in the war proved no more strengly opposed to war than did women who married veterans after the men were discharged from the armed forces.

But here again, the psychologist emphasized that a universal conclusion is not justified because of the small number of veterans' wives

SAY AMERICANS LESS PACIFISTIC SINCE LAST WAR

By FRANK CAREY

(Associated Press Science Reporter) State College, Pa., Sept. 7 (AP)-A possible indication that the last war served to make the American people less pacifistic-though by no means militaristic - was reported to the American Psychological Association today.

Describing studies of attitudes towards war among female students of an unidentified college, Dr. Key L. Barkley, of North Caroline State college, told the association's annual meeting at the Pennsylvania State

PARTING GUESTS

It is such a joy to have guests in your home, but the ones that you cannot forget are those who leave something beautiful of themselves _ Carl A. Baum behind. When they are gone you feel as though you had parted with something of yourself as well. Someone once wrote that when you leave Hawaii, you die a little. I always feel this when a friendly guest has left

> I have had many like this at my summer hideaway. The same glorious days arrive when these friends leave, yet they leave a void because of a stimulating personality, or some kindliness that seems to scent the very air—after they are gone. It | seems quieter and lonlier. You were stirred by the anticipation of their arrival, but before you realize it, the time for departure arrives—and you are left alone again. But the memory becomes something to treasure.

Republicans Gleeful On Capitol Hill, the incident was cited as proof that the President is (a) a big man or (b) a careless bungler-depending on whether it was a Democratic or a Republican

viewpoint. Republicans generally haven't tried to hide their obvious glee at what they felt was a major presidential blunder that would alienate a large slice of votes from the Democrats in the November Con-

gressional election. On the other hand, many Democrats said the President just proved that he is human and can get angry and later repent what he had said. These Democrats argued that Mr. Truman lost nothing in human appeal to the mass of voters by the incident and probably enhanged his stature by his quick beg-your-pardon. For the moment, at least, there was a quick, noticeable cooling of furor in the marines and Congress.

The convention opened yesterday with many a delegate demanding a presidential apology. Some wanted Mr. Truman thrown out the league -he is a member as commander in chief of the armed forces.

But it closed the day with a yelling, rising vote of approval for Nixon's statement that the Truman slap at the marines now is "a closed incident.

The letter to McDonough was in reply to one from the Congressman urging that the marine corps be given a place beside the army, navy and air force on the policy-making joint chief of staff. Mr. Truman re-

Washington old timers could remember no comparable language from the White House. Even so, Republicans are sure to see to it that the country hears more about the Truman slip during this year's election campaign and maybe on into 1952.

Republicans Gleeful

On Capitol Hill, the incident was cited as proof that the President is (a) a big man or (b) a careless bungler-depending on whether it was a Democratic or a Republican viewpoint.

Republicans generally haven't tried to hide their obvious glee at what they felt was a major presidential blunder that would alienate a large slice of votes from the Democrats in the November Congressional election.

On the other hand, many Democrats said the President just proved that he is human and can get angry and later repent what he had said. These Democrats argued that Mr. Truman lost nothing in human appeal to the mass of voters by the incident and probably enhanged his stature by his quick beg-your-pardon. For the moment, at least, there was a quick, noticeable cooling of furor in the marines and Congress

Read To Convention Gen. Cates walked from the White House with a wide grin, and word to reporters that the marines were "very gratified to receive this letter.

Mr. Truman rushed a copy to Clay Nixon, National Commandant of the Marine Corps league, suggesting that it be read at the National convention of that organization of marine veterans. Nixon compiled.

The convention opened yesterday with many a delegate demanding a presidential apology. Some wanted Mr. Truman thrown out the league —he is a member as commander in chief of the armed forces

But it closed the day with a yelling, rising vote of approval for Nixon's statement that the Truman slap at the marines now is closed incident."

The letter to McDonough was in reply to one from the Congressman urging that the marine coips be given a place beside the army, navy and air force on the policy-making joint chief of staff Mr. Trunian re-

An Ancient Profession

PHARMACY is one of the oldest of all the learned professions. It had its beginning more than four thousand years ago and has been practiced in one form or another ever since. The modern drug store bears little resemblance to the apothecary shop of old, but today's pharmacist is inspired by the same honorable principles that governed the conduct of his forebears. The pharmacist's chief interests, now as then, are the relief of suffering and the prolongation of life. Prescriptions come first in our store. Your doctor may not like to recommend any particular pharmacy, but he will never complain if you bring his prescriptions to us.

If that car of vours has put its best days benind it, there's no time like right new to think about starting out afresh with a taut, new, up-to-the-minute motorcar with all its mileage still

And there's no better place in the world to start than with the beauty pictured here, for a variety of reasons.

For one thing, this Buick SPECIAL is a quick-stepping Fireball valve-in-head straighteight that's priced lower than some sixes.

For another, it's built with typical Buick ruggedness through and

then, too-this high-styled beauty is proving to be one of the most economical Buicks ever built-easy on gas, easy on upkeep, easy on you in its soft, floating, light-handling comfort.

It even comes with Dynaflow Drive* if you like—and Dynaflow means that you will never have to service or replace a friction clutch, and that rear-end or transmission servicing—even engine upkeep-are cut to a minimum.

*Standard on ROADMASTER, optional at extra cost on SUPER and SPECIAL models.

Of course, you can't see all of this in the brief span of a trial drive.

But you can experience the good solid feel of Buick strength beneath you. You can satisfy yourself on the lightness of the controls, the utter smoothness of Dynaflow, the quick surge of Buick's Fireball power.

All such things will tell you that this is a car you'll be glad to live with for a long time to come and you need only to ask your Buick dealer for a demonstration to see precisely what we mean.

TRUMAN ARMS PLAN ASSAILED AS "TOO SLOW"

Washington, Sept. 7 (AP) - President Truman has been criticized in Congress for not pushing the rearming program far enough fast enough

We'll have a little better idea of just how far and fast we're going when the President, perhaps this week, announces the kind of economic controls he's going to impose.

But from what's happened and been said so far, this seems to be the program:

1. Doubling the armed forces from the present 1,500,000 men to 3,000,000

-and more, if necessary. 2. Some restrictions on civilian production so more materials can go into armament but, pretty much,

An Ancient Profession

PHARMACY is one of the oldest of all the learned professions. It had its beginning more than four thousand years ago and has been practiced in one form or another ever since. The modern drug store bears little resemblance to the apothecary shop of old, but today's pharmacist is inspired by the same honorable principles that governed the conduct of his forebears. The pharmacist's chief interests, now as then, are the relief of suffering and the prolongation of life. Prescriptions come first in our store. Your doctor may not like to recommend any particular pharmacy, but he will never complain if you bring his prescriptions to us.

13 BALTIMORE STREET, GETTYSBURG, PA.

By JAMES MARLOW Washington, Sept. 7 (A) - Preentive war:

Secretary of the Navy Matthews, speaking publicly, suggested this country should be willing to begin a war to insure peace.

For this he got his knuckles rapped by President Truman and Secretary of State Acheson.

And the President himself in his broadcast last Friday night said this country is against a "preventive

But what Matthews said publicly was only what some other top men in the government have spoken privately. And since Matthews broke the idea into the open, members of Congress have talked of "preventive

Called "Immoral"

What is a preventive war? No one has defined it but it could be summed up this way; That when this country feels it is ready, it should attack Russia to block it once and for all from taking over the world, including us.

Ontics of the "preventive war" thinking have called it "immoral" and contrary to the American tradition of neacefulness. They can argue this way: For this

country to resort to an attack on Russia to settle the differences between the two would be a resort to force and violence It would mean this country was plunging the world into blood and death probably for millions. It would be a rejection of civilized and intelligent efforts-at least on our part-to iron out problents by trying every last peaceful

How Argument Goes

Those in favor of it could argue this way. We're actually at war with Russia now and have been for a long time. The aim of communism is to take over the world, including us. We didn't start the present war with Russia, Russia started it and is waging war on us daily, attacking us daily, although not with guns yet. The trouble with the thinking of

those who shudder at the phrase, "preventive war," is this: They're still thinking in the old, hackneyed, out-of-date idea of war. They think that war is something waged, as it was in the old days, only with men and guns.

But, these supporters of the pretentive war idea can argue, this is the real situation: This war is being fought by Russia with men in civilian clothes. They are in every country, an organized, disciplined group of Communists in every country, working for Russia, waiting a chance to take over, ceaselessly trying to bring about collapse for others and victory for themselves.

Not Act of Aggressor Bit by bit communism is gobbling up the world: by treachery, pressure, threats, and even force, when necessary, as in Korea. If let alone. it will continue to gobble it up. Where they're outnumbered, the Communists act like guerrillas behind the lines. They infiltrate parliaments or strategic labor unions. They do what they can to disrupt and dismay, all aimed at final victory. And this will never stop, so long as the Russian leadership is Communist.

So, in recognizing that we are selves and the rest of the world. reported The agency said the fort- this area in the past.

43 Districts File **Valuation Complaints**

Harrisburg, Sept. 7 (P)-Formal complaints by 43 Pennsylvania school districts against their 1949 real estate valuations were in the files today of the state Tax Equalization Board. The board said that one district, '

Perry township, Jefferson county, also filed a complaint but later withdiew it. The list, the board said, is smaller than last year's, when the objecting school districts numbered 72

Set up by the 1947 Legislature, the board is trying to distribute more fairly the commonwealth's \$112,000,000-a-year in grants to 2.531 local school districts. The funds are mainly for teachers' salaries.

The board determines the market value of real estate for each district and submits it to the Department of Public Instruction to compute local school subsidies. In earlier years, the department used assessed valuations computed by local authorities as the basis for its calculations.

York Guns Blaze In Starling Scrap

York, Pa., Sept. 7 (/F)-York opened its annual 10-day season on starlings Tuesday and one woman resident said it sounded "like the Korean war."

Forty-five men, including one city councilman, joined in the shooting -designed to eliminate the noisy birds, Mayor Felix S. Bentzel declared a moratorium on the city

firearms law during the 10-day drive. Police reported starlings were "dropping like flies" and added they had received a number of telephone calls from residents who contended the firing was "indiscriminate and dangerous."

ARGUMENTS ON "PREVENTIVE" WAR REVIEWED

Washington, Sept. 7 (A) - Pre-

ventive war Secretary of the Navy Matthews, speaking publicly, suggested this

a war to insure peace. For this he got his knuckles rapped by President Truman and Secretary of State Acheson

country should be willing to begin

And the President himself in his broadcast last Friday night said this country is against a "preventive

But' what Matthews said publicly was only what some other top men in the government have spoken privately. And since Matthews broke the idea into the open, members of Congress have talked of "preventive

Called "Immoral"

What is a preventive war? No one has defined it but it could be summed up this way: That when this country feels it is ready, it should attack Russia to block it once and for all from taking over the world, including us.

Critics of the "preventive war" thinking have called it "immoral" and contrary to the American tradition of peacefulness,

They can argue this way: For this country to resort to an attack on Russia to settle the differences between the two would be a resort to force and violence. It would mean this country was plunging the world into blood and death probably for millions. It would be a rejection of civilized and intelligent efforts-at least on our part-to iron out problems by trying every last peaceful method.

How Argument Goes

Those in favor of it could argue this way: We're actually at war with Russia now and have been for a long time. The aim of communism is to take over the world, including us. We didn't start the present war with Russia, Russia started it and is waging war on us daily, attacking us daily, although not with

The trouble with the thinking of those who shudder at the phrase, "preventive war," is this: They're still thinking in the old, hackneyed, out-of-date idea of war. They think that war is something waged, as it was in the old days, only with men

But, these supporters of the preventive war idea can argue, this is the real situation: This war is being fought by Russia with men in civilian clothes. They are in every country, an organized, disciplined group of Communists in every country, working for Russia, waiting a chance to take over, ceaselessly trying to bring about collapse for others and victory for themselves

Not Act of Aggressor Bit by bit communism is gobbling up the world: by treachery, pressure, threats, and even force, when necessary, as in Korea. If let alone, it will continue to gobble it up. Where they're outnumbered, the Communists act like guerrillas behind the lines. They infiltrate parliaments or strategic labor unions. They do what they can to disrupt and dismay, all aimed at final victory. And this will never stop,

is Communist. So, in recognizing that we are

43 Districts File Valuation Complaints

Harrisburg, Sept. 7 (A)-Formal complaints by 43 Pennsylvania school districts against their 1949 real estate valuations were in the files today of the state Tax Equalization Board. The board said that one district,

Perry township, Jefferson county, also filed a complaint but later withsmaller than last year's, when the objecting school districts number and said, is continuing day and night thru Saturday, September 16th. objecting school districts num-

Set up by the 1947 Legislature, the board is trying to distribute more fairly the commonwealth's \$112,000,000-a-year in grants to 2,531 local school districts. The funds are mainly for teachers' salaries.

The board determines the market value of real estate for each district and submits it to the Department of Public Instruction to compute local school subsidies. In earlier years, the department used assessed valuations computed by local authorities as the basis for its calculations.

York Guns Blaze In Starling Scrap

York, Pa., Sept. 7 (P)-York opened its annual 10-day season on starlings Tuesday and one woman resident said it sounded "like the Korean war."

Forty-five men, including one city councilman, joined in the shooting -designed to eliminate the noisy birds. Mayor Felix S. Bentzel declared a moratorium on the city

firearms law during the 10-day drive. Police reported starlings were "dropping like flies" and added they had received a number of telephone calls from residents who contended the firing was "indiscriminate and dangerous."

400 HOMELESS, TWO KILLED IN

tered in the Tampa bay area.

The storm was drifting slowly force after lashing the middle Florida gulf coast with 125-miles-anhour winds.

It had doubled back after stalling and day Tuesday in the Cedar Key area, where its greatest damage was reported. Winds near the center were estimated at 70 to 75 miles per hour with gusts even higher. Squalls covered most of northern

and central Florida. Aid was rushed to the stricken Cedar Key where Florida Highway Patrol Capt. Olin Hill estimated between 400 and 500 were homeless. A convoy of six trucks left Turner Field at Albany, Ga., with C and K rations for 800 persons.

Rush Supplies

One tank truck carried a supply of water and others hauled 100 cots and 250 blankets. A doctor and three medical corpsmen were in the convoy, sent by Third Army headquarters in Atlanta.

The Red Cross and National Guard rushed in emergency food, fresh milk and drinking water from Gainesville, 52 miles to the north-

Second Hurricane

Both deaths attributed to the hurricane were caused by electrocution. E. J. Cosgrove, 32-year-old oil company official, was electrocuted while trying to remove a fallen wire from his backyard fence at Tampa. Mrs. Hattie Kersey, 25-year-old mother of three, was killed when she touched a live wire while helping her husband anchor their house trailer at Jacksonville.

Meanwhile, a great hurricane was centered in the Atlantic about 700 miles east of West Palm Beach, Fla., moving northwest. It had winds of 150 miles an hour near the center with hurricane force winds extend-
